

# Parental Leave Policy

## Policy Statement

The company is committed to supporting employees through significant life events including the birth or adoption of a child. This policy provides generous parental leave benefits above statutory minimums to help employees balance work and family responsibilities.

## Primary Caregiver Leave

The primary caregiver is entitled to 16 weeks of fully paid parental leave. This may be taken as a continuous block or in two separate periods within the first 12 months after the birth or adoption. Primary caregiver leave is available regardless of gender.

## Secondary Caregiver Leave

The secondary caregiver is entitled to 4 weeks of fully paid parental leave. This leave must be taken within 6 months of the birth or adoption. The 4 weeks may be taken consecutively or split into two separate 2-week periods.

## Adoption Leave

Employees who adopt a child are entitled to the same leave provisions as biological parents. Primary adopters receive 16 weeks paid leave and secondary adopters receive 4 weeks paid leave. Leave commences from the date the child is placed with the family.

## Eligibility

To be eligible for paid parental leave, employees must have completed at least 6 months of continuous employment at the time the leave is due to commence. Employees who do not meet the eligibility criteria may still be entitled to statutory parental leave.

## Notice Requirements

Employees should give at least 8 weeks notice of their intention to take parental leave where possible. Notice should be provided in writing to HR and the employee's manager. The expected start date of leave, type of leave, and anticipated return date must all be included.

## Return to Work

Employees returning from parental leave are entitled to return to the same role or, where that is not reasonably practicable, an equivalent role with the same terms and conditions. Employees should give 4 weeks notice of their intended return date. Flexible return arrangements may be requested and will be considered on a case-by-case basis.
